Clinical Trial Supply Southern California 2019

Del Mar, CA - June 5-6, 2019

Landing Page:

Control Supply Chain Chaos

A clinical trial only runs smoothly with proper oversight and operation. Take control of your supply chain with the information you need to manage each study at your fingertips and the ability to execute every stage as you see fit.

endpoint's technology provides visibility across your entire clinical development portfolio, giving you unparalleled data transparency to help run your trials with ease.

Meet with our IRT experts, Kevin Ellsworth and Jason Thorn, at Clinical Trial Supply Southern California to learn how we can help.

Tweet

Imagine a world where a supply management tool gives you visibility across your entire supply chain. See the possibilities by meeting our experts. #CTSSoCal19 #clinicalsupplies #clinicaltrialsupply
